## CONFERENCE PARTICIPANTS

The Sixth Vertebrate Pest Conference drew a registered attendance of 236, with an estimated additional 50-75 persons who attended portions of the conference but did not register. As in past conferences, the attendance was made up of individuals having varying interests in vertebrate pest control problems from thirty-one states plus the District of Columbia. Participants from Argentina, Australia, Canada, Finland, Indonesia, Italy, Japan, Mexico, New Zealand, South Africa, Sudan and Switzerland contributed greatly to the success of the conference and provided further exchange of information on an international level.
